TECHNICAL SKILLS

Ruby on Rails, JS, React, Redux, HTML, CSS, SQL, Git, Github, OOP, RESTful APIs, Bootstrap

TECHNICAL PROJECTS

GiffyMind - [Github](#) | [Demo](#)

Rails, React, HTML, CSS, Bootstrap

- Replication of the classic computer game MasterMind, where the user has to crack the code of gifs within an allotted number of guesses.

Outfit Liker - [Github](#)

Rails, RESTful API, vanilla JS, HTML, CSS

- Social media site designed for fashion lovers that enables individuals to post pictures of outfits that could then be shared and liked amongst the community members.
